

TRANSNET LV JUICE

July 2011

Ecopillars

Built from RotAthene 6309 UV stable plastic, the Ecopillar will take the knocks and come back for more. It's designed specifically for customers who demand safety, performance and unobtrusive good looks from their electrical reticulation systems. This isn't just a plastic box with some electrical fittings inside – this is an integrated system, designed by people in the industry for people in the industry.

- Available in 6 colours.
- With or without fittings installed.
- 250amp copper busbar.
- Unique identification number on all units.

Raychem

Rayrim – Protective Self-Adhesive Edging Material

Applications

- Rayrim offers a clean and rapid means of covering metal, wood and glass edges for all round protection.
- The flexible nature of Rayrim allows application to both internal and external radii, as well as straight edges.
- Adhesive lining enables excellent adherence to many substrates.

CAT NO.	PLATE THICKNESS		LENGTH mm
	SWG	mm	
RAYRIM - NR6 - 0 - STK	30-24	0.31-0.56	1200
RAYRIM - NR7 - 0 - STK	23-16	0.61-1.63	1200
RAYRIM - NR8 - 0 - STK	15-10	1.83-3.25	1200
RAYRIM - NR9 - 0 - STK	9-5	3.66-5.38	1200

Ideal Hamilton V8 Supercars

Ideal Hamilton hosted clients for the Hamilton V8's. TransNet sponsored the V8 simulator which proved so popular, some of the customers couldn't pull themselves away, they just kept trying to beat their time. All Ideal and Rexel branches from

Waikato and BOP were able to bring customers at some point over the three days. Steve Braniff the Area Manager and Paul Beautyman the Hamilton Branch Manager hosted the weekend.

JA Russell Rotorua Fishing trip

TransNet assisted with sponsorship of the JA Russell Mussel Barge fishing trip out of Coromandel on April 8th 2011.

A good days fishing by all attendees and the winning Snapper came in at 7.5kg.

A thank you to Phil Roper (Manager JA Russell Rotorua) for a great day and the continued support we receive from this branch.

Mechanical Connectors Selection Guide

New Mechanical Connector Selection Chart – Wall or counter chart outlining the TE Energy Mechanical Connector range and part numbers for ordering.
