

RAYGEL PLUS 3
Streetlighting Joint, up to 16mm²
Neutral Screen

Raychem
from TE Connectivity

The joints have been adapted to cater for Neutral screen cables and have a comprehensive installation instruction included.

All connectors and sundry items are included in the kit.

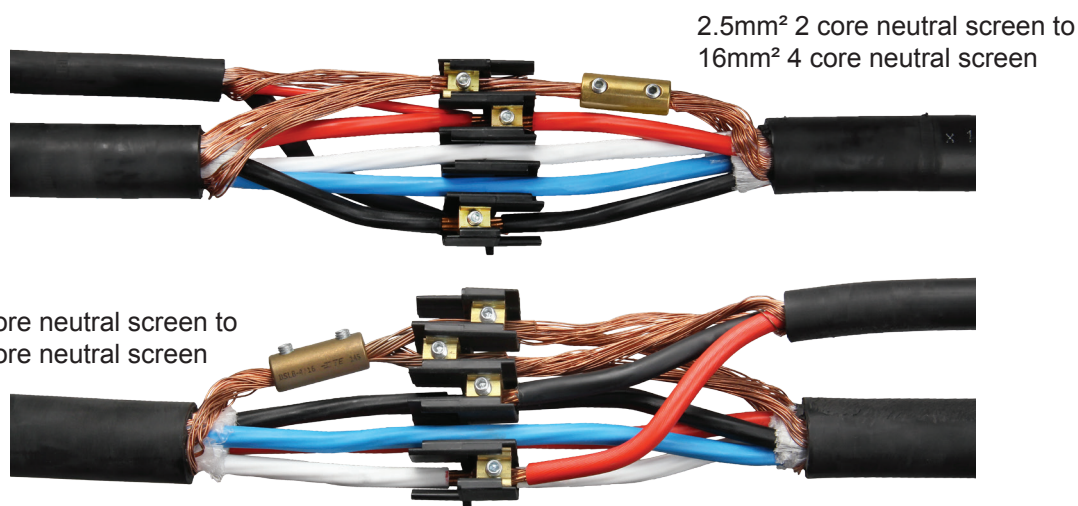

- Ali Oxide
- Degreasing wipe
- 50mm X 16mm² Cu conductor
- 1 X BSLB 4/16 connector

With the unique universal connector block installation is easy as the block snaps into the bottom side of the enclosure. A supplementary tool helps to insert the sliding connectors and hold in place until the connector is tightened.

FEATURES

- Quick and easy installation
- Suitable for outdoor and direct burial situations
- Full branch capabilities without cutting the main cable
- Qualified to joint standard EN 50393
- Halogen free and UV resistant
- Unlimited shelf life
- 3-5 cores up to 16mm²
