

HAUPA CABLE GLANDS

- METRIC NYLON GLANDS M12-M63

Cable glands protect electric equipment (for example switches or junction boxes) against mechanical treatment, dust and humidity, while also creating a firm connection between cable and box. Haupa cable glands are available with the IP rating IP68 (dust and waterproof).

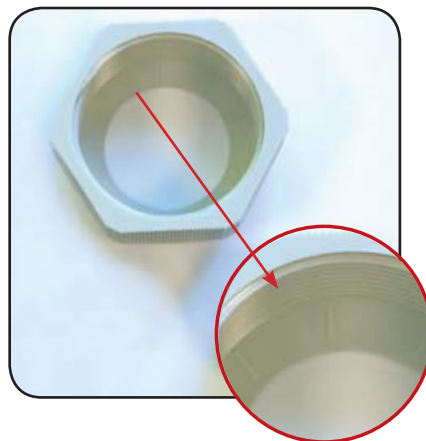

Haupa cable glands are available in standard black for metric threads (light grey and PG threads available on special order).

TECHNICAL PROPERTIES:

- Temperature range: - 40°C to + 85°C
- Vibration protection: integrated anti-twist protection for vibration firm assembly
- Fire class: according to UL 94 V-2
- Protection category: IP68
- Material: polyamide 6.6
- Properties: integrated strain relief; easy to install RoHS-conform
- Delivery: completely assembled as shown
