

ACTIVARMR[®] 80-813

- ARC FLASH & CUT PROTECTIVE GLOVES

Superior protection from extreme hazards

- Arc flash resistance, flame resistance and high cut protection in a comfortable ergonomic design.
- Industry-leading Arc Flash Hazard/Risk Category 2 design helps protect workers against electrical arc flash hazards.
- Exclusive Dupont™ Kevlar® composite yarn provides exceptional cut resistance for safe handling of sharp objects.
- Soft foam coating and ergonomic design for outstanding flexibility and a secure grip in a variety of work environments.

Industries

- Oil & Gas
- Mining
- Utilities
- Machinery & Equipment

Applications

- Job tasks with potential for arc-flash or flash-flame exposure
- De-energized electrical equipment panels
- Electrical equipment operation & switching (NFPA 70E)
- Facility and machinery maintenance
- Handling sharp metal or objects

Performance Standards

Arc Rating (ATPV) = 9.4 cal/cm²

Arc Category Level 2 per ASTM F 2675-13
Inherently Flame Resistant

Technologies

DuPont™
KEVLAR®

Materials are inherently flame resistant, providing protection even after multiple launderings.

- Meets FR Testing CGSB 155.20-2000
- Superior arc-flash protection: “Arc Rating (ATPV) = 9.4 cal/cm² Arc Category Level 2 per ASTM F 2675-13”
- EN Iso cut level C protection provides the worker the ability to handle sharp parts and materials with confidence
- Outstanding ergonomic design, superior comfort, dexterity and flexibility based on patented technology
- Thin 13g knitted liner with DuPont™ Kevlar® increases productivity and safety performance
- Proprietary soft foam coating ensures a secure grip in wet, oily and dry environments to reduce slippage and tension in the hands
